

Internet Essentials For The Workplace

Course Overview

\$120

This course goes beyond the basics of Computer Essentials. Internet Essentials is designed to provide you with basic knowledge about essential internet functions. Become familiar with the anatomy of the internet, navigate your way through the functions of a search engine, learn the basics behind internet marketing, and learn how protocols work to transport users through the web.

Students will receive a Letter of Successful Completion at the end of each course, recognizing their understanding and mastering of the course competencies.

Approximately one week before the course starts you will receive a confirmation email that provides additional course details.

Select sections of CEMA 153 course may be eligible for the future skills grant. Learn more about eligibility and how to apply for funding by visiting cnc.bc.ca/futureskills.

**7 hours
offered in-person**
